An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Cheng on January 13, 2004.

The application has been amended as follows:

In claim 1, line 11, after "polymer blocks" add "and wherein an aqueous solution of said Component I triblock copolymer has a lower gelation temperature than an aqueous solution of said Component II triblock copolymer".

Cancel claims 14-36.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The closest prior art, US 6,004,573, neither discloses nor fairly suggests a mixture of *different* triblock copolymers with instant properties. Further, US 5,702,717 neither discloses nor fairly suggests a high content of hydrophobic block copolymers wherein the polymeric system is water-soluble.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
